Hi Sam –

Thanks for the note – it means a lot! For your awareness, EPA is reconsidering OOOOa and has recently put out a proposal to make some technical changes to the rule. Here's a link to our website to see the proposal and other sector updates: <https://www.epa.gov/controlling-air-pollution-oil-and-natural-gas-industry>. Also, I'm no longer working on Oil and Gas, so I'm copying two of my colleagues here in OAQPS, Amy Hambrick and Karen Marsh, who will be able to help with any future Oil and Gas questions you may have.

Best,  
Lisa

Hi, Lisa,

I'm new to the upstream sector and am trying to learn fast. I found the August 2016 Small Entity Compliance Guide on the internet and have found it to be extremely helpful in learning OOOOa. I just want to tell you that your work is appreciated and meaningful. Thanks!
